PARKDALE PAGEANT 1979

PARKDALE

Principal's Message

A few years ago, I and a group of friends went hiking in the mountains. We had planned a two-day trip to a delightful fishing lake on the far side of a mountain. The next morning, we would cross the divide behind the mountain and return to the highway around the other side.

The stream we were following circled a wide valley and two members of our group decided to head straight across instead of staying with the rough and winding trail. Our leader warned them to be careful of directions and off they went.

Late that afternoon, when we arrived at our camping spot, there was no sign of our two friends. Nor did they arrive before dark. We searched, shouted and blew our whistle but, got no response.

Next morning, we set out in search of them. Rounding the mountain we spotted the smoke of their fire away to the north from where they should have been. They had gotten hopelessly lost and had to spend the night without shelter or food.

Their story, when we got it, was a simple one which almost everyone faces in his everyday life. They had failed to keep their objective in sight and had lost their sense of direction.

There are so many of us who want to reach a certain objective in life, but we try to take short-cuts, lose sight of the guideposts and miss our goal. Conversely, and fortunately, there are also many of us who set objectives, plan the route to them, keep the guideposts in sight and enjoy the satisfaction of accomplishment.

To persuade more young people to choose the second course is my objective as an educator.

President's Message

I am very proud to address you on behalf of the students' Council for the last time. I would like to thank the members of Council who did such a great job, and the students of Parkdale who made it all possible. Mr. Olsen and Mr. Kelln, who helped me throughout the year with their good advice and never-ending patience, deserve a special thanks.

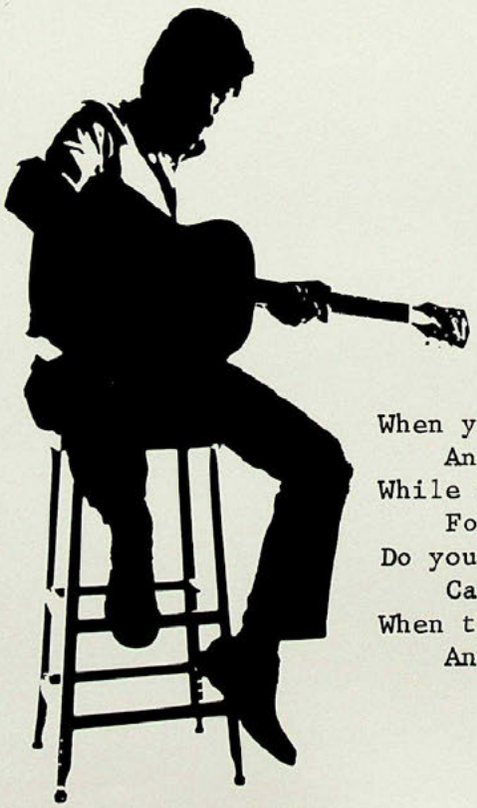
Being part of the Student Council has been a learning, as well as a challenging, experience. We have accomplished most of our goals this year.

The dances, we had, were well attended. The D.J.'s provided the music and almost everyone danced.

We collected food and money for the needy at Christmas. The response was fairly good.

Our chocolate sale, in April, was very successful. We raised much needed money for school supplies.

All in all, it has been a successful year. I have enjoyed being a part of it all.



When you come to the end of a perfect day,
And you sit alone with your thought,
While the chimes ring out with a carol gay,
For the joy that the day has brought,
Do you think what the end of a perfect day
Can mean to a tired heart,
When the sun goes down with a flaming ray,
And dear friends have to part.

Carrie Jacobs Bond

Valedictory Address

I feel very proud and honoured to represent the graduating class of '79.

Although we will soon move on to another phase of our education, the past years spent at Parkdale will hold many fond memories for us all. We can remember the anxiety we felt when we entered Grade One and the happiness we experienced during the following carefree elementary years. We can recall how important we felt when we were allowed to participate in Christmas concerts, the numerous articles we brought for "Show and Tell", but most of all the fun parties we had on Hallowe'en, Valentine's Day or Christmas, when we could eat to our hearts' delight.

Then came three years of junior high, another step upward. We had timetables to contend with, school dances, track and field, conservation camp, lectures, homework, report cards and how can we forget the mad dashes in winter, through the snow, to arrive at Home-Ec. or Shop on time.

Our years here have been memorable ones, the knowledge obtained will carry us on to another milestone in our education.

On behalf of the graduands, I would like to pay tribute to the Parkdale Staff to whom we are deeply indebted for their guidance and support and to our parents for their encouragement and understanding.

My wishes to my fellow graduates are for happiness and prosperity in their future.

Now may I leave you with a thought:

If you think you're outclassed, you are;
You've got to think high to rise.
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins,
Is the one who thinks he can.
